

Angel Wars

Chapter One

One white male is looking straight in front of him.

There is muffled sound.

The camera moves from the back of his head to his right and the muffled sound began to become clear.

The muffled sound is the voice of another white male standing directly in front of the first white male.

He is seen as the camera began to rotate bringing him into focus. The man's voice become clear.

Both men are immaculately well groomed.

The second man now is in focus.

The second man speaks -"Sir" and bows his head.

The second man- "We welcome you for this assignment."

Footsteps can be heard from overhead, someone walking on the floor above them.

They both look up as the sound of the footsteps become louder.

The men know what each footstep means.

The person upstairs is mumbling. The men listen.

The person began to speak very low. The men listen.

Then the person began to curse and become very angry.

With a shocked look, the first man, almost jumps and he looks squarely at the man standing in front of him.

The first man was extremely taken aback, that he reached his left hand as to draw a weapon.

The second man stood not flinching. He gave Sir, the first man a look to let tell him "NO".

As the two stood facing each other, the voice from upstairs began to say:

"O, LORD GOD please forgive me in JESUS' name for being angry and cursing and feeling defeated. I have no business cursing, because of our enemy. I must put it aside. I allowed my flesh to respond to evil and not allowed YOUR WORD to come forth out of mouth."

"I must decrease and JESUS must increase. I know the weapons of my warfare are not carnal but mighty through God to the pulling down of strong holds. Forgive me please LORD GOD. Please use me and allow me to come before YOU and hear my prayer. "

The person falling upon their face and knees. The sound was heard throughout the house.

The person continued and said- "Please use me for YOU and YOUR purpose. YOUR will be done not mine."

The person continued in prayer (which fades into the background).

Sir puts his hand down by his side.

The men stood for hours listening to the person pray.

The person voice became loud again (not cursing but repeating the GOD's Word back to HIM per the Holy scriptures.

The camera fans out around the house there are men standing shoulder to shoulder and back to back inside the house, outside the house, in the street, the yard and on top of the house.

Instantly, as the person spoke the WORD of GOD to GOD in JESUS' name , the men locked down their position into a ready battle stance.

Sir was in complete surprise at the prayer and worship of GOD he heard from the person upstairs.

The second man knowing Sir's thoughts looked upon him and said "Yes her."

Sir turned to the second man and asked "Do we know who it is?"

The second man said "Yes. evaletini."

All the men inside and outside of the house turned and looked at Sir to see his reaction to the name of evaletini.

Sir's face was fierce and it gave way to his anger, and he could barely keep his composure.

The second man, looking at Sir knew his thoughts. He began to speak:

The second man- "She "

Both men looking upstairs, as if they could see through the ceiling and walls their eyes passing the numerous men standing on the stairs and in the airspace.

The second man continued- "has been called by the LORD GOD and HIS NAME is in her to accomplish all things pertaining to this assignment."

A voice of rumbling was heard. All the men fell on their faces and listened.

The voice of rumbling stop, the men stood up in perfect precision.

Sir said- "Finally. The LORD GOD will allow me to get my revenge"

The prayers of the prayer warrior could be heard in the background, the guardian angels were always listening and watching the woman upstairs, never letting their eyes nor hearing be on her.

The woman continued in prayer. Lifting up the sick, the mentally disturbed, the molested children, the abused children, the children that were killed and the children that were killing, she prayed against corruption, poverty, lack and hopelessness all in Jesus' name. Asking the LORD GOD to honor HIS WORD above HIS name.

Chapter Two

Sir stands and looks into his mind. Into the past.

The Head guardian (the second man) watches Sir's eyes.

The screen goes blank.

Panting and running can be heard.

Then laughter as the camera leaps into space. The camera (representing the speed the guardians were flying) zooming a million times faster than the speed of light speed. The camera passes a pink solar system. The laughter continues as the camera springs through light years into another space.

The laughter is greater as the camera flies through purple and magenta galaxies and universes, only stopping for a moment to look at the formation of a blue and white planet millions of light years away.

The formation of the blue and white planet was so beautiful and powerful, the voices could only say "OUGH"

One voice turns to the other voice as he is turning his face comes into focus he says "Come and go with me."

The other one is still looking with amazement at the formation of the blue and white planet and wondering what it would be its purpose. He hears the voice of his friend and he turns from the sight and follows his friend.

They went deep into space and when they flew through the sphere there were a large number of like beings there. Some of them looked at the friend then at Sir. The friend slightly nodded at them, indicating for them not to say anything to his friend.

Sir looked around him at the beings that were present. Sensing something he never felt before. Before his own thoughts could form in his heart, Lucifer appears and they all kneel.

Lucifer walking and talking being boastful sits on a throne. Sir's jaws drop. Lucifer began to speak of rebellion.

The beings are watching Sir the whole time, but Sir's friend Evaletini would not look at him but sensed the disturbance in Sir's spirit.

Lucifer disappears.

Sir could hardly get up from his knees. His mouth was open, from shock and disbelief. He had no speech. He had no strength. His heart was faint. His spirit was convulsing. His friend caught him by his arm and lifted him up.

Sir was bent over and had his hands on his knees.

The other beings were watching him.

One of them said – “evaletini.”

Evaletini, held his hand back, suggesting to give him time, not taking his eyes off his friend.

Sir heart pained him for his friend. The others began to move closer to evaletini and Sir, encircling them.

Sir, bent over could still see in the distance the magnificent blue and white planet.

Sir, sensed the impending danger but that was overshadowed by this rebellion. Looking at the blue and white planet refresh his spirit and he stood upright. And faced the other beings.

Sir- “How did this happen?”

“How could this happen?”

They all, including his friend, were looking at him, not knowing what to expect but knowing they could destroy Sir.

Sir became embolden and stood firm in the midst of them and said

“Why look at me?”

“You all know what I speak. What could cause this evil to be in your spirit? How could this evil exist in you?”

Evaletini, holding both arms out to keep the others from attacking his friend.

Sir began to walk around and looking them squarely in their dark eyes. He walked from one to the other and he held up two fingers and pointed them to the eyes of the other beings.

Saying- “I see you. I see evil in you! I see defeat in you.”

Sir lowered his eyes and began to look at their spirits. He saw the darkness that had formed where light use to be.

The other beings knew Sir was looking at the blackness of their being.

Sir turned and looked at his friend, now he could see the blackness in his spirit that he had not seen before. Sir realized he could not see the evil in his friend until the truth of the rebellion against GOD was revealed.

The light that was once in his friend, no longer dwelt there but evil blackness.

Sir’s friend could feel him searching his spirit to find out what could cause evil to grow in them.

Sir’s friend and another captain said to Sir at the same time- “Are you with us?”

Sir very calmly said – “No.” As he continued to walk and look upon the captains and the host that were present.

Sir turned and looked into his friend's face and saw pure hatred. He looked past his friend at the others and saw pure hate.

Sir spoke- "You all were once HIS' sons. You were once Gods. You were once princes. You once had glory. What more could you have wanted? What more could you have desired that HE would not have given you."

Sir began to rise slowly unnoticeably and said- "You were once perfect."

"You have allowed Lucifer to seduce you into rebellion against the only True and Living GOD. We have been with the True and Living GOD from the beginning and we barely know HIM. HE created us out of HIS love what more can HE create out HIS anger. HE will destroy you all."

The other beings followed Sir's movement as he hovered over their heads.

They screamed at Sir, who jetted out of their presence, as they hotly pursued him through eons and times.

Sir's friend and the other captain stood and watched the lights. They saw Sir's bright light and they saw the others' light beginning to dim which caused them not to catch Sir .

The two men looked down at their hands and saw the brightness leaving and marveled at what was happening to them.

Chapter Three

The next scene.

Sir, is standing with both hands on a rock formation, entire area is a dove gray, he is peeping and ducking his head from side to side watching the other beings in a distant sphere.

Sir cut his eyes quickly because he felt a presence.

He turns quickly.

Someone stood behind him. He looked at the person and nervously kneeled and bowed his head.

Sir –“Gabriel.”

The massive man stood with his hands folded in front of him.(A sign of peace.) His countenance was pure glistening white. His wings were massive and folded behind his back. He had on a white robe that glistened and a white glistening belt. His hair was thick and red and his eyes were the same color.

Gabriel said nothing.

Sir- “You startled me.”

Gabriel said nothing.

Gabriel sniffing the air as he looked around at the planet that had become Sir’s home for so many eons.

Sir still on his knee and was wondering what Gabriel sense worst what did Gabriel know.

Gabriel said- “Fear.”

Sir – “I am not afraid!”. With an agitated voice.

Gabriel looking around at the planet he had not on for many eons, he turns slowly and look at Sir.

Sir said- “What--- do you want, Gabriel?”

Gabriel thunders – “The LORD GOD calls for you.”

The rebels in distant solar systems eons away heard the thunderous voice of Gabriel, but they could not understand what he said.

While Sir was saying “Me?”

Gabriel, not moving picks up Sir by the shoulders and instantly they were in heaven. They began to walk down a long street of pure gold to get to the great hall. As they walked the guard line street, the guards dropped to their knees and saluted.

Sir looked up (because of Gabriel’s height) at Gabriel several times and double time to see if Gabriel had any emotions or any idea why the LORD GOD wanted him.

Gabriel knew the thoughts Sir was having and closed his spirit so Sir could not sense his thoughts.

The last time Sir looked at Gabriel he saw something odd and strange. He continued to walk but he leaned his head and peeped backwards quickly because he recognized a few of the rebels.

Gabriel saw him, showed no change in his face.

Sir saw the rebels were pale color and their hair was a strange texture.

He looked at Gabriel, thinking "I know he saw that."

Gabriel continued to walk still having no showing no facial signs.

Sir began to think "Does he know?"

Gabriel turns and looks at Sir and Sir looks back at Gabriel.

Gabriel sniffs the air and say "Fear." (As they entered the hall.)

The guards opened the massive gold doors, and behind them, as far as the eyes could see were guards kneeling on both sides of the gold street.

Sir angry at Gabriel, did not respond to him, because now he began to feel fear. Not from the evil ones but fearful of the LORD GOD.

Sir was there when the evil ones concocted their evil plan of rebellion and to dethrone the LORD GOD. Sir thought- "How would the LORD GOD treat him because he was there?"

Sir knew the LORD GOD know all things. Did the LORD GOD know he was innocent, but he loved his friend up to the point of the rebellion. He was very sad and disappointed in his friend. They were very close and always had such joy.

Sir had hidden for many eons from the LORD GOD trying to understand what could cause darkness, what could cause the others to hear a lie, believe a lie, follow a lie and become a part of a lie.

Sir and Gabriel entered into GOD' S throne room.

The floor was of marble and the gold doors closing behind them made a thunderous sound.

Just as the outside guards stood on each side of the hall.

Gabriel and Sir bowed before the throne of the LORD GOD, upon entering.

Sir looked at Gabriel, who pointed to where he was to stand, as he proceeded to GOD'S throne.

Sir stares at Gabriel, who did not blink.

The camera will show a massive solid gold throne but will not zoom in on the person sitting on the throne.

The other arch angels are standing in their positions around the throne of the LORD GOD.

Gabriel bows before the LORD GOD and takes his position.

Sir looked around the throne room. The throne room was full and he began to wonder even more of what the LORD GOD knew, but his thoughts were interrupted with a massive light display, when Lucifer entered the throne room.

Sir was watching some of the evil ones that were present, when he turns quickly with his eyes bucked and his mouth falling open, at the words that were coming out of the LORD GOD'S mouth to Lucifer, as Lucifer was stopped in front of him still kneeling with his head bowed.

Lucifer slowly raised his head up and looked at the LORD GOD and said "I will exalt my throne above yours to the sides of the north and I will be like the most high."

Sir's spirit was in terrible pain.

The archangels that surround the throne of the LORD GOD, clamped their massive wings around the LORD GOD and a shout of war that nearly leveled all of heaven, a shout no one had ever heard before. None of the heavenly host could believe the massive force of power that came from the archangels. Every heavenly being fell to their faces just from the shout along.

Sir, lying flat on his face, saw the evil one get up and his evil ones and flew out of the throne room.

The rumbling voice of the LORD GOD could be heard, the archangels loosen their shield.

The LORD GOD said- "Michael."

Who appear before the LORD GOD and kneeled.

The LORD GOD said –"You and your angels go and war against Lucifer and his angels."

Heaven began to stand upon their feet.

As Michael kneeled before the LORD GOD, so did his enormous number of warrior angels.

Michael stood and turning from GOD's throne spread out his enormous wings and his army spread their wings and fell in behind him. Michael and his angels were running with such force to go and war against the evil ones that they caused the marbled floor shake to the point of breaking.

The guards closed the doors behind Michael and his angels.

Sir watched as they ran passed him and he could see outside as they leaped into the air and flew out to do battle against the evil ones for heaven and the LORD GOD.

The voice of the LORD GOD was heard again as he called Sir to approach His throne.

Sir was still looking out the doors and he knew all in the throne room had their eyes on him. And wondering if he had anything to do with the rebellion.

The tender voice of the LORD GOD towards Sir, eased his spirit. Sir turned and looked into the loving eyes of his FATHER and his GOD.

The LORD GOD told him to come near him.

Sir began to walk to his FATHER'S throne.

Gabriel, the other archangels, scribes, seraphims, counselors, etc were watching Sir.

Sir gave Gabriel a smart look.

Gabriel did not flinch.

The LORD GOD looked upon HIS son, Sir.

Sir turning from Gabriel's glare to look into the wonderful eyes of His loving FATHER. Sir knew the LORD GOD loved him and had already forgiven him eons ago.

The LORD GOD said- "I know you. I know you were hurting over evaletini's choice to rebel against me. You have been consumed with questions of how could evil exist in perfect beings. I felt the pain of the spirit and I pained at your distance from me for all these eons. I longed for your return to me. Now you are back and I will show you the truth you have sought.

Sir's thoughts began to fade of eons ago, as the woman's voice became louder.

The guardians were watching him, when the command was given from heaven to proceed.

The guardians were standing shoulder to shoulder and back to back and moved in a circular motion.

Sir, began to give the guardians their assignments. They went to churches and exposed corruption and idolization. They put the evidence of crimes and murders so the police can find it, they killed drug lords and child abusers and molesters, they touched peoples pocketbooks and put money and valuable items in them. The angels caused people to go the homeless and give them money and some gave the homeless shelter, etc.

The more the woman prayed the WORD of GOD back to HIM, the more guardians were assigned to do the will of GOD.

Sir and the guardians that were assigned to the woman sensed a great evil coming to stop her from praying. They all drew their swords.

The head guardian over the woman looked at Sir and said "Go."

Sir vanished.

Chapter Four

Sir, flying through the splitting of the air, could still hear the woman's prayers.

He stood, in a gray place where thick gray clouds and fog covered the plain.

Sir, stood and he waited.

Sir began to hear in the distance howling and the air beneath him began to shake (just as the floor did many eons ago).

He looked out into the distance and saw many of the evil faces he knew from the past. They were to do evil against the woman to stop her from praying against them.

The evil ones saw Sir from a distance and wondering who he was then they recognized him.

They began to scream and yell out his name.

Sir saw his once friend but now eternal enemy, as he pushed passed the other evil ones and began to run with vengeance at his once friend now eternal enemy.

Sir, standing tall knew the thoughts of his enemy that betrayed him.

Sir said –"Vengeance is mine."

Sir let down his face shield and spread his wings and lifted up his sword, which was already drawn, showed his massive size.

Sir said- "You will not pass." In his extremely calm manner.

He and his once best friend finally battle.

Sir extracted his recompense, which he had waited for eons.

The guardians were on alert and positioned around the woman's house.

The guardians saw Sir afar off as he was returning.

Sir was walking through the earthly realm and looking at the guardians fulfilling the LORD GOD'S WORD as the woman prayed.

As Sir approached the woman's house to enter the other guardians smiled.

The head guardian bowed his head and greeted Sir, as he entered the house. The head guardian saw in Sir's eyes he was satisfied.

The head guardian said -"All is well after so many eons?"

Sir replied-"All is well."

Sir smiled and looked upwards, as he heard the woman snoring.
